ART STYLES COMES FROM  
WITHIN...

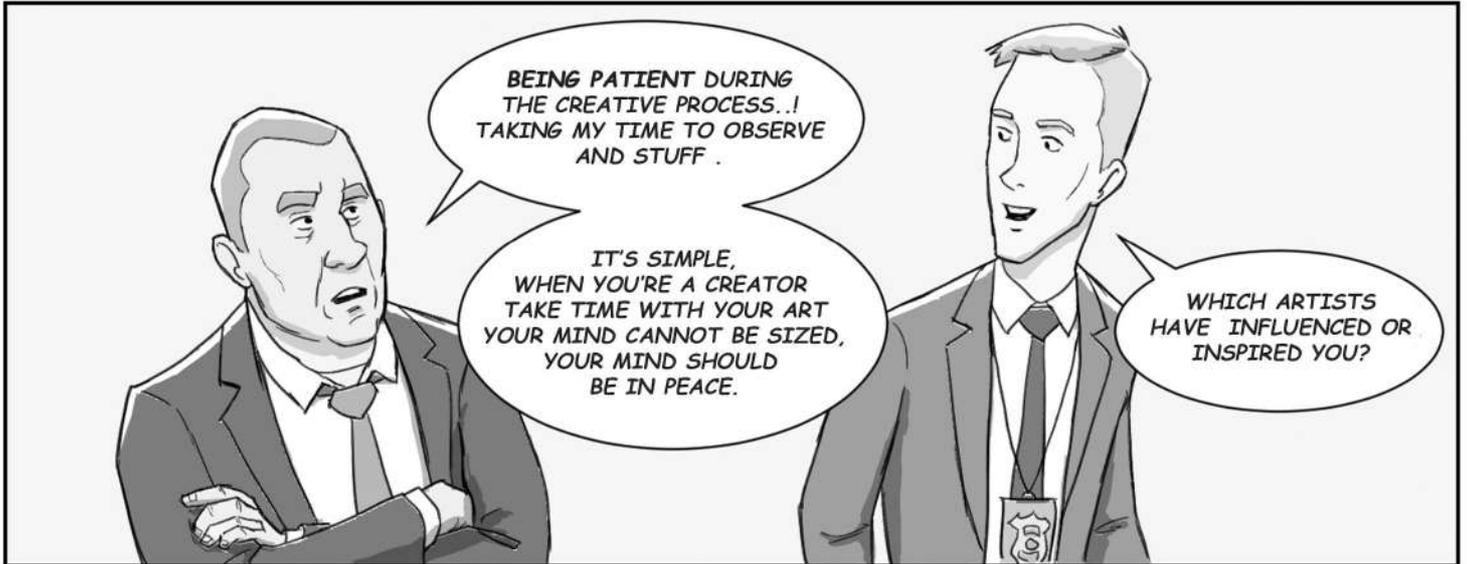

Let go... Let your  
mind and body do the  
work for you...

OMG OMG OMG THIS IS THE PORTAL TO THE PERSISTENCE OF MEMORY BY SALVADOR DALI. IGI

I FEEL A HINT OF UNEASE OR EVEN DISQUIET. I CAN FEEL FLUIDITY AND SUBJECTIVITY OF TIME

I'M INTRIGUED BY THE SURREAL LANDSCAPE DALI HAS CREATED, IT FEELS MORE IMPOSING AND IMMERSIVE

TELL ME WHAT YOU FEEL

# *Inspiration*

*Inspired by an assignment from the Harlem Campus, this project led me to explore the creation of a comic-like book infused with Mixed Media Arts (MMA). As a creative media student, I delved into experimentation with various tools, platforms, Artificial Intelligence, collaboration with friends, and diverse media to generate art. Through this journey, I found clarity in channeling creative energy towards productive endeavors, illuminating a path of purposeful expression.*

# *Purpose*

*My project's purpose is to ignite a passion for drawing among children and adults alike, regardless of their skill level or past experiences with art. It aims to inspire those who may have stopped drawing, feel insecure about their artistic abilities, or lack knowledge of basic art principles to pick up a pencil and create. Through encouragement and guidance, my project seeks to empower individuals to express themselves creatively and discover the joy of art-making.*
